

Good morning to all and greetings from the Bahamas,

Well it's been a while since I sent out an update. We are trying to catch up after all the time spent in Haiti. We still have one more trip to make but not sure when, Saturday, tomorrow, we will be putting the tent up for the tent crusade next week. **Pray, PRAY** for souls to be saved and lives changed. As usual there have been a few "speed bumps" along the way. Bad news, we got news of the deteriorating health of Brother W.R. Workman's father so he had to cancel his trip. The good news, Dr. Kenneth Walter, pastor of Southside Baptist Church in Rock Hill, SC has agreed to come and I am sure he will do a great job.

Next on the horizon is putting a new roof on Zion Baptist Church on Ragged Island. We have a team of six coming from TN and the funds for material is in. We will order and ship the lumber and roofing from Nassau next week. We still need to purchase nails yet which I will pickup at Lowe's when I pick up the work team. If you could help with this need it would be appreciated. I have thought about asking Lowe's if they would donate them???? **Pray, PRAY** that the runway will be finished for us to land on. They are working on it and it was supposed to be done in January.

Sharon is busy planning crafts for VBS and menus and grocery lists for meals to serve the coming teams. **Pray PRAY** for a new island, Exuma, and area we will be going to this year. We have been trying for several years to get there but the door has not opened before.

A well driller is coming today with an auger truck to drill a water well for us. We will have our own water well, then when the power goes out we will still have water.

Thank you for your faithful prayers and financial support.

God bless,
Dave and Sharon Spangler
